## NEW TEE BOXES

As outlined by Gregor in the interview, we are going to create a more family friendly environment. Part of this will be the addition of two new tee boxes to make the course overall shorter. There will be one tee box near the beginning of the fairway, and one about 220 yards away from the green.

# FLORIDA GREEN

RIO PINAR GOLF

APRIL, 2024

March 2024 also brought the grand opening of our Florida-shaped short-game facility. Located behind the Rio Pinar Golf clubhouse, the 90-yard-long practice green provides all around challenges to improve your game. Various hole locations can be used to elevate your short-game skills from fairway, rough and bunker, creating a welcoming environment for beginners and challenges for advanced players at the same time.

We are excited to provide an excellent short-game facility to our members and guests, on the only Florida-shaped green in the world.

Not too far away:

Round astroturf mats will soon be anchored in the ground to create a short game course to practice or compete against friends and family.
